List of Mazda Dashboard Warning Lights

There are two types of lights that may appear on the dashboard of your Mazda vehicle. These two types include warning lights and indicator lights. Warning lights generally indicate a more serious issue, while indicator lights typically alert drivers that a particular feature is active. As you can see in the graphic below, dashboard warning lights are either yellow or red.

What Do the Dashboard Warning and Indicator Lights on Your ...

As might be expected, the knob to adjust the dashboard illumination can be found on the dashboard. Look through the opening in the steering wheel and you should see the knob sticking out near the top of the instrument cluster. To make the

light brighter, turn the knob to the right. To dim the light, turn it to the left. Keep in mind that the brightness can be adjusted when the headlights and parking lights are on.

How to Dim or Brighten Mazda Dashboard Lights

Turn the headlight switch to turn the headlights, other exterior lights and dashboard illumination on or off. When the lights are turned on, the lights-on indicator light in the instrument cluster turns on. NOTE. If the light switch is left on, the lights will automatically switch off approximately 30 seconds after switching the ignition off.
