writing, to prepare for quizzes and tests.

## ~~Interactive Math Journals—Ms. Beckles' Third Grade~~

Use math journals and interactive notebooks to help students learn and practice their skills. Increase the amount of time in these to help students 'show your work.' Here are some interactive and foldable ideas to make journaling and notebooking interactive to use for showing examples in different ways, illustrating a concept and defining math terms.

## ~~How to Make Math Journals Interactive—Teach Junkie~~

In fact, some teachers don't grade math journals at all, using them only as a record of students' progress and thinking. If students know you are regularly reading their math journals and you care about what they wrote, you won't have to assign a grade to get them to give their full effort.

I created the first set of interactive math journals for second grade, but made it for this time of the school year. I wanted to get it going right away as teachers are experimenting with math rotations during this last few weeks of the school year. It is the perfect time to shake things up and pour in some excitement through a new format.

## ~~Second Grade Math Journal — Tunstall's Teaching Tidbits~~

I will be a third grade teacher this coming school year after spending my first year as a 5th-6th teacher. I did math journals with my class and I loved it, but I am not sure if it would be more appropriate for third grade to cut the notebooks or just have a regular notebook like I did this year. Any thoughts or advice?
