Sources for Western Society provides a variety of primary sources to accompany A History of Western Society, Eleventh Edition and the new Value edition of A History of Western Society. With over fifty new selections—including a dozen new visual sources—and enhanced pedagogy throughout, students are given the tools to engage critically with canonical and lesser known sources, and prominent and ordinary voices. Each chapter includes a "Sources in Conversation" feature that presents differing views on key topics. This companion reader is an exceptional value for students and offers plenty of assignment options for instructors. Sources for Western Society is free when packaged with A History of Western Society and is heavily discounted when packaged with A History of Western Society, Value Edition.

First Published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Praised by instructors and students alike for its readability and attention to everyday life, A History of Western Society, Concise Edition is a brief, affordable text with valuable tools to engage today's students and save instructors time. The Concise Edition includes a full-color map and art program, three primary source features per chapter, and five chapters devoted to the lives of ordinary people that make the past real and relevant. Enhanced with a wealth of digital content in LaunchPad, the concise edition provides easily assignable options for instructors and novel ways for students to master the content. Integrated with LearningCurve, an adaptive online resource that helps students retain the material and come to class prepared.

A History of Western Society continues to capture the attention of AP European history students because it recreates the lives of ordinary people and makes history memorable. The eleventh edition continues to tie social history to the broad sweep of politics and culture, heightening its attention to daily life, and aligning perfectly to the AP European course. With its unique AP-specific features and resources, and a variety of new digital tools, A History of Western Society helps AP students master the concepts and content of European history, whether in print or online.

The first book of its kind, Forensic Medicine in Western Society: A History draws on the most recent developments in the historiography, to provide an overview of the history of forensic medicine in the West from the medieval period to the present day. Taking an international, comparative perspective on the changing nature of the relationship between medicine, law and society, it examines the growth of medico-legal ideas, institutions and practices in Britain, Europe (principally France, Italy and Germany) and the United States. Following a thematic structure within a broad chronological framework, the book focuses on practitioners, the development of notions of 'expertise' and the rise of the expert, the main areas of the criminal law to which forensic medicine contributed, medical attitudes towards the victims and perpetrators of crime, and the wider influences such attitudes had. It thus develops an understanding of how medicine has played an active part in shaping legal, political and social change. Including case studies which provide a narrative context to tie forensic medicine to the societies in which it was practiced, and a further reading section at the end of each chapter, Katherine D. Watson creates a vivid portrait of a topic of relevance to social historians and students of the history of medicine, law and crime.

Long praised by instructors and students alike for its readability and attention to everyday life, the eleventh edition of A History of Western Society includes even more built-in tools to engage today's students and save instructors time. This edition features a brand-new, comprehensive primary source program in-text and online, expanded chapters devoted to the lives of ordinary people that make the past real and relevant, and the best and latest scholarship throughout. Enhanced with a wealth of digital content—including carefully developed online document assignments for each chapter with auto-graded exercises—the eleventh edition provides easily assignable options for instructors and novel ways for students to master the content. Now integrated with LearningCurve, an adaptive online resource that helps students retain the material and come to class prepared.
