Richard I (8 September 1157 – 6 April 1199) was King of England from 1189 until his death. He also ruled as Duke of Normandy, Aquitaine and Gascony, Lord of Cyprus, and Count of Poitiers, Anjou, Maine, and Nantes, and was overlord of Brittany at various times during the same period. He was the third of five sons of King Henry II of England and Eleanor of Aquitaine and seemed unlikely to ...

Please join us for a night celebrating tiki cocktails and transform the winter into a tropical paradise through libation while enjoying life just a step above King Street. Guests will explore the history of tiki cocktails while challenging the taste buds through four unique cocktails paired with small bites.

Travelling home from the crusades, Richard was shipwrecked off the coast of Austria, after an encounter with pirates. Richard should have been under the Church's protection, but in Outremer he had given the Duke of Austria good reason to loathe him and he was captured. He was immediately claimed by the Holy Roman Emperor, who also bore a grudge against the captive English king. Richard was to spend fifteen months imprisoned. For a man of his fiery nature, it was truly shameful. His mother, Eleanor of Aquitaine, began to move heaven and earth to raise a staggering ransom, travelling to Germany herself to buy the release of her favourite son. But it was not to be that easy. At the eleventh hour, Heinrich announced that he had had a better offer from the French king, Philippe, and Richard's own treacherous brother, John, offering Heinrich an even larger sum to continue Richard's captivity - or to turn him over to their tender mercies.

Sharon Kay Penman follows up her acclaimed novel Lionheart with this vivid and heart-wrenching New York Times bestseller about the last event-filled years in the life of Richard I of England, Coeur de Lion. November 1192. After his bloody crusade in the Kingdom of Jerusalem, Richard and his crew are overcome by a sudden storm, its fierce winds propelling the ship onto the Sicilian shore. But this misfortune is just the beginning. Forced to make a dangerous choice, Richard finds himself in enemy territory, where he is captured—in violation of the papal decree protecting all crusaders—and handed over to the Holy Roman Emperor. Imprisoned in the notorious fortress at Trifels, from which few ever leave alive, Richard, for the first time in his life, experiences pure, visceral fear—while his mother, Eleanor of Aquitaine, moves heaven and earth to secure his release. Amid betrayals, intrigues, infidelities, wars, and illness, Richard's courage and intelligence will become legend.

In When Christ and His Saints Slept master storyteller and historian Sharon Kay Penman illuminates one of the lesser-known but fascinating periods of English history. The next addition in this highly acclaimed historical fiction series of the middle ages, and the first of a trilogy that will tell the story of Henry II and Eleanor of Aquitaine. When Christ and His Saints Slept begins with the death of King Henry I, son of William the Conqueror and father of Maude, his only living legitimate offspring.

A breathtaking and sweeping epic of a family at its breaking point, Devil's Brood shows how Henry II and Eleanor of Aquitaine—two monumental figures once bound by all-consuming love—became the bitterest of adversaries... A.D. 1172. Henry II's three eldest sons conspire against him and align themselves with his greatest enemy, King Louis of France, but it's Eleanor of Aquitaine's involvement in the plot to overthrow her husband that proves to be the harshest betrayal. As a royal family collapses and a marriage ends in all but name, the clash between these two strong-willed and passionate souls will have far-reaching and devastating consequences throughout Christendom.

The sequel to Sharon Kay Penman's acclaimed novel When Christ and His Saints Slept, Time and Chance recounts the tempestuous marriage of Eleanor of Aquitaine and Henry II in a magnificent story of love, power, ambition, and betrayal. He was nineteen when they married, she eleven years his senior, newly divorced from the King of France. She was beautiful, headstrong, intelligent, and rich. It was said he was Fortune's favorite, but he said a man makes his own luck. Within two years, Henry had made his, winning the throne of England and

exercising extraordinary statecraft skills to control his unruly barons, expand his own powers, and restore peace to a land long torn by banditry and bloodshed. Only in one instance did Henry err: Elevating his good friend and confidant Thomas Becket to be Archbishop of Canterbury, he thought to gain control over the Church itself. But the once worldly Becket suddenly discovered God, and their alliance withered in the heat of his newfound zeal. What Becket saw as a holy mission—to protect the Church against State encroachments—Henry saw as arrant betrayal, and they were launched inevitably on the road to murder. Rich in character and color, true to the historical details, sensitive to the complex emotions of these men and women, Time and Chance recreates their story with all the drama, pain, and passion of the moment.

Simon de Montfort was a man ahead of his time in the thirteenth century, a disinherited Frenchman who talked his way into an English earldom and marriage with a sister of the English king, Henry III. A charismatic, obstinate leader, Simon soon lost patience with the king's incompetence and inability to keep his word, and found himself the champion of the common people. This is his story, and the story of Henry III, as weak and changeable as Simon was brash and unbending. It is a tale of opposing wills that would eventually clash in a storm of violence and betrayal—an irresistible saga that brings the pages of history completely, provocatively, and magnificently alive.

The classic, magnificent bestselling novel about Richard III, now in a special thirtieth anniversary edition with a new preface by the author In this triumphant combination of scholarship and storytelling, Sharon Kay Penman redeems Richard III—vilified as the bitter, twisted, scheming hunchback who murdered his nephews, the princes in the Tower—from his maligned place in history. Born into the treacherous courts of fifteenth-century England, in the midst of what history has called The War of the Roses, Richard was raised in the shadow of his charismatic brother, King Edward IV. Loyal to his friends and passionately in love with the one woman who was denied him, Richard emerges as a gifted man far more sinned against than sinning. With revisions throughout and a new author's preface discussing the astonishing discovery of Richard's remains five centuries after his death, Sharon Kay Penman's brilliant classic is more powerful and glorious than ever.

The New York Times bestseller, from the author of Powers and Thrones, that tells the story of Britain's greatest and worst dynasty—a real-life Game of Thrones (The Wall Street Journal) The first Plantagenet kings inherited a blood-soaked realm from the Normans and transformed it into an empire that stretched at its peak from Scotland to Jerusalem. In this epic narrative history of courage, treachery, ambition, and deception, Dan Jones resurrects the unruly royal dynasty that preceded the Tudors. They produced England's best and worst kings: Henry II and his wife Eleanor of Aquitaine, twice a queen and the most famous woman in Christendom; their son Richard the Lionheart, who fought Saladin in the Third Crusade; and his conniving brother King John, who was forced to grant his people new rights under the Magna Carta, the basis for our own bill of rights. Combining the latest academic research with a gift for storytelling, Jones vividly recreates the great battles of Bannockburn, Crécy, and Sluys and reveals how the maligned kings Edward II and Richard II met their downfalls. This is the era of chivalry and the Black Death, the Knights Templar, the founding of parliament, and the Hundred Years' War, when England's national identity was forged by the sword.

Condemned by King Stephen. Loved by King Henry. Honoured by King Richard. Betrayed by King John. For William Marshall, the greatest knight of the realm, serving royalty is an unpredictable business. * * * Having survived the threat of beheading from Stephen as a child, Marshall rises from nothing to a place in court serving King Henry II. Accused of acting on his love for the beautiful Queen Margaret, William is saved by his trust and loyalty to the King. But the battle for the throne is relentless, and when Henry's own son John rises against him, William must decide if he can remain loyal to the crown... A Pride of Kings, the first in the Plantagenet series, is an epic chronicle of love, heroism, loyalty and betrayal in one of the most fascinating periods of English history. Ideal for fans of Sharon Kay Penman, Elizabeth Chadwick or Jean Plaidy.

Thirteenth-century Wales is a divided country, ever at the mercy of England's ruthless, power-hungry King John. Llewelyn, Prince of North Wales, secures an uneasy truce by marrying the English king's beloved illegitimate daughter, Joanna, who slowly grows to love her charismatic and courageous husband. But as John's attentions turn again and again to subduing Wales—and Llewelyn—Joanna must decide where her love and loyalties truly lie. The turbulent clashes of two disparate worlds and the destinies of the individuals caught between them spring to life in this magnificent novel of power and passion, loyalty and lies. The book that began the trilogy that includes Falls the Shadow and The Reckoning, Here Be Dragons brings thirteenth-century England, France, and Wales to tangled, tempestuous life.
