Coding Answer: A standardized device that is modified for each patient (like a belly-board, breast-board etc.) should be billed with CPT® code 77332. If it is a custom fabricated device, specifically designed for a patient and not reusable for different patients during that course of therapy, it should be billed under CPT code 77334, e.g. thermoplastic immobilization device or custom-formed vacuum cushions.

Coding Answer: If the targets are the same and only one CT dataset is used, you should bill only one IMRT plan. If you are using same treatment planning system, to generate multiple plans (using any modality of treatment and energies (electrons + photon or photon + proton)) to achieve your goals, then only one IMRT plan should be billed.
