"Coaching supports teacher development and puts teachers' needs at the heart of professional learning by individualizing their learning and by positioning them as professionals. With many different models available, administrators may find it challenging to determine the kind of coaching that best fits the needs of schools, teachers, and students. This fresh new resource brings together the voices of recognized experts in the field including Joellen Killion, Cathy Toll, Jane Ellison, Randy Sprick, Jane Kise, Karla Reiss, Lucy West, and Jim Knightto present unique approaches for coaching teachers and leaders. Comprehensive chapters review the roles of coaches in schools, examine the research base on coaching, and provide in-depth discussions of specific approaches to coaching, including: Literacy coaching; Cognitive coaching; Instructional coaching; Content-focused coaching; Classroom management; Leadership coaching. Coaching helps readers make more informed choices about a range of coaching approaches to best serve the unique needs of their teachers and schools."--Publisher's website.

An innovative professional development strategy that facilitates change, improves instruction, and transforms school culture! Instructional coaching is a research-based, job-embedded approach to instructional intervention that provides the assistance and encouragement necessary to implement school improvement programs. Experienced trainer and researcher Jim Knight describes the "nuts and bolts" of instructional coaching and explains the essential skills that instructional coaches need, including getting teachers on board, providing model lessons, and engaging in reflective conversations. Each user-friendly chapter includes: First-person stories from successful coaches Sidebars highlighting important information A "Going Deeper" section of suggested resources Ready-to-use forms, worksheets, checklists, logs, and reports
