An in-depth guide to understanding and balancing the chakras • Provides meditations, mantras, and other methods to work with each chakra • Details each chakra's positive and negative qualities, their gifts and challenges, and how they interact with each other • Examines the psychological causes of blocked energy in the chakras • Shares chakra wisdom and profound spiritual insights from Sri Harish Johari, Guruji Pilot Baba, Mataji Narmada Puri, Sri Aurobindo, and other spiritual leaders By understanding the chakras, you can better understand the ways you interact with the world around you and the energetic roots of your inner being. Offering an in-depth guide to this powerful ancient yogic science, authors Victor Daniels, Kooch N. Daniels, and Pieter Weltevrede--all longtime students of the late tantric scholar, philosopher, and temple artist Sri Harish Johari--explain the essence of each of the 7 chakras and provide practical tools to work with these energetic "wheels of light." Revealing how each chakra is connected with specific patterns of thinking, feeling, sensing, and acting, the authors explore how the chakras offer a vertical map of consciousness beginning with the root chakra at the base of the spine and ascending to the crown chakra on top of the head. They provide dynamic meditations, mantras, and other methods to work with the chakras. You will learn how to enhance each chakra's positive features and transform the difficult ones. You will discover the complementary ways they affect each other, the gifts and strengths each can bestow, and the psychological causes of potential imbalances within them. Coauthor Pieter Weltevrede provides visual portrayals of traditional images of the chakras and their deities, explaining the spiritual secrets embedded in each. Sharing profound insights from their studies with Harish Johari, the authors also include chakra wisdom from other gurus they have studied with such as Guruji Pilot Baba and Mataji Narmada Puri. Offering practical wisdom for help in daily life and freedom from the tethers of your past, chakra work provides a powerful way to hear your inner self more deeply and a systematic path for activating higher levels of consciousness.

Cristi Christensen's Chakra Rituals is a book that makes the ancient science of Chakras accessible to spiritually conscious women, and offers a seven-week step-by-step program. Learn how to tap into the single most perfect system living inside of each of us—the seven Chakras. While Chakras have become trendy, sexy, cool, and very spiritual, few people today really know how to activate the Chakras' powerful energy for deep transformation. Cristi Christensen aims to change that, and Chakra Rituals offers readers a multi-dimensional, practical, and inspiring structured seven-week step-by-step program. Each week, readers are instructed how to activate a different Chakra, and each weekday they are led through a dynamic, easy, and motivating practice (altar building; breathing; meditation; vinyasa yoga flow, mudra, writing contemplation, and embodiment) which distills the esoteric concepts and makes them tangible, living experiences. A self-discovery and self-help guide with striking full-color illustrations, Chakra Rituals employs the Chakras' potential to open the pathways to a full, enlightened "aliveness." Seasoned practitioners and newcomers alike are invited to flow with their emotions, claim their power, transform their lives, and align with the divine.
