Any Book On Solved Problems Would Be Welcome By The Students As They Dread The Unsolved Problems The Most. Problems And Solutions In Advanced Accountancy-Vol. I And II Is The Result Of Realization Of The Same Fact. However, This Book Will Serve Its Purpose The Best If Before Referring To It The Students Have Attempted To Solve The Questions On Their Own. The Book Has Been Designed Specially To Serve As A Complementary Set To The Textbook Advanced Accountancy-Vol. I And II, Authored By The Same Team As Dr S N Maheshwari And Dr S K Maheshwari. It Contains Detailed Solutions To All The Practical Problems Given At The End Of Each Chapter In Advanced Accountancy, As Also Solutions To The Problems Set At The Recent University And Professional Examinations. Special Feature Of The Book Is That The Problems Have Been Properly Graded.

On account of the growing importance of the subject of cost accounting, it has been included as a special subject in all commerce and management courses, conducted by different Indian universities and professional institutes. The present volume, Cost Accounting-Theory & Problems, has been written to meet in full measure the requirements of the students preparing for these courses. The entire books has been divided into Five sections. Section ONE explains the fundamental concepts which are necessary for the understanding of the subject. Section THO deals with the principles of costing as applicable to certain specific industries. Section THREE explains the accounting methods. In this section besides others, intricate topics of the cost control accounts and integrated accounts have been discussed with complete clarity and simplicity of exposition. Section FOUR refers to costing as a special tool for managerial control. Adequate space has been given to this recent function of cost accounting. And here topics of budgetary control, standard costing, marginal costing and break even analysis have been elaborately discussed. Section FIVE contains revisionary problems.
