Fits: 1991-1996 Ford Escort, 1988-1989 Mazda 323, 1990-1993 Mazda Miata, 1990-1994 Mazda Protege, 1991-1994 Mercury Capri ABOUT THE BRAND Headquartered in Norton, MA, Autopart International Inc., is a leading provider of premium auto parts for the Professional Service Provider.

The Mazda Miata is one of the most popular sports cars on the road today. In production for more than 20 years, the Miata 's popularity has grown, and the number of aftermarket components available to the Miata enthusiast has grown, too. This immense selection of parts has made it difficult for many would-be modifiers to choose the proper combination that will help them reach the goals they have set for their two-seaters. Author and Miata expert Keith Tanner has been modifying, repairing, building, and racing Miatas for years, and he will guide you through how to best modify your car to suit your needs, starting with an explanation on how everything works and how the various parts will interact. You'll not only learn what upgrades will help you reach your goals, but also how to adjust or modify what you have to make your car work at its best. From autocross to cross-country touring, the Miata can do it all. Keith Tanner tells you how to make it happen!

Translated from Japanese, the true, inside story of the development of the world's favourite roadster, actually written by the car's engineers and designers. A unique, behind-the-scenes look at how the MX-5 Miata came to be, and a fascinating insight to modern car development & techniques.

The definitive international history of the most successful sports car the world has ever known. Covers every model of Miata, MX-5 and Eunos Roadster - including all special editions - from 1989 to date. Includes a Foreword by Takao Kijima, the Miata's Chief Engineer.

Without a doubt, your Miata is a special car. By reading Mazda Miata Performance Handbook you can learn how to make it a GREAT car! This is the first hands-on guide to modifying and performance tuning your Mazda MX-5 for street or track. Garrett runs through your Miata component by component, offering keen advice on increasing performance and reliability. Covers aftermarket parts, and includes MX-3 six and Ford 5.0 V-8 engine swaps.

This Proceedings volume gathers outstanding papers submitted to the 19th Asia Pacific Automotive Engineering Conference & 2017 SAE-China Congress, the majority of which are from China – the largest car-maker as well as most dynamic car market in the world. The book covers a wide range of automotive topics, presenting the latest technical advances and approaches to help technicians solve the practical problems that most affect their daily work.
