A former middle school teacher makes an impassioned defense of teaching and explains how dedicated teachers are and why they should be given better salaries.

In Frederick Douglass' 1845 memoir, the former slave and famous orator, describes the events of his life including the brutal treatment that he experienced and witnessed, at the hand of slave masters. This book is the most famous narrative, told from a former slave during this time period. The memoir is considered to be one of the most influential pieces of literature that fueled the abolitionist movement in the United States.

This instructive manual presents a pragmatic and clinically proven approach to the prevention and treatment of undergraduate alcohol abuse. The BASICS model is a nonconfrontational, harm reduction approach that helps students reduce their alcohol consumption and decrease the behavioral and health risks associated with heavy drinking. Including numerous reproducible handouts and assessment forms, the book takes readers step-by-step through conducting BASICS assessment and feedback sessions. Special topics covered include the use of DSM-IV criteria to evaluate alcohol abuse, ways to counter student defensiveness about drinking, and obtaining additional treatment for students with severe alcohol dependency. In the light of the urgent need for cooperative and collaborative action against trafficking, this publication presents examples of promising practice from around the world relating to trafficking interventions. It is hoped that the guidance offered, the practices showcased and the resources recommended in this Toolkit will inspire and assist policymakers, law enforcers, judges, prosecutors, victim service providers and members of civil society in playing their role in the global effort against trafficking in persons. The present edition is an updated and expanded version of the Toolkit published in 2006.

Research has shown that by the time they graduate, as many as one in three women and almost one in six men will have been sexually assaulted. But why is sexual assault such a common feature of college life, and what can be done to prevent it? Drawing on the Sexual Health Initiative to Foster Transformation (SHIFT) at Columbia University, the most comprehensive study to date of sexual assault on a campus, Jennifer S. Hirsch and Shamus Khan present an entirely new framework that emphasizes sexual assault's social roots, based on the powerful concepts of "sexual projects," "sexual citizenship," and "sexual geographies." Empathic, insightful, and far-ranging, *Sexual Citizens* transforms our understanding of sexual

assault and offers a roadmap for how to address it.

Through a combination of resource efficiency, climate mitigation, carbon removal, and biodiversity protection policies, this report finds that it is feasible and possible to grow economies, increase well-being and remain within planetary boundaries. The analysis and modelling presented in this report are a first attempt to understand the impacts of our growing resource use, and to develop coherent scenario projections for resource efficiency and sustainable production and consumption that decouple economic growth from environmental degradation.

"The Slaves" is nothing but Frederick Douglass's groundbreaking autobiography and his first book "Narrative of the Life of Frederick Douglass, An American Slave, written by Himself". We have renamed the title here as "The Slaves" to keep the title short as well as to establish that Frederick Douglass is no longer a name of a particular slave born in nineteenth-century America, but a name that represents slaves of the entire world and of all time. Even though, we do not wish anyone to be born into slavery anymore like Frederick was, we have taken him as a symbol of all the slaves as a wish that all who are still in slavery may have the spirit of Frederick Douglass and fight their ways to the freedom and work to free other slaves to make the slavery history. The life of Frederick, is in one way or another, is the lives of all other slaves. Hence, we have named this version of his book "The Slaves".

"Healthy People 2010 Final Review" presents a quantitative end-of-decade assessment of progress in achieving the Healthy People 2010 objectives and goals over the course of the decade. It continues the series of profiles of the nation's health objectives as an integral part of the Department of Health and Human Services' disease and health promotion initiative for the decade that began in 2000. This report presents a summary of progress toward achieving the Healthy People 2010 goals of: Increasing quality and years of healthy life, and Eliminating health disparities. This publication provides the final tracking data used to present a quantitative assessment of progress for the 969 objectives in the 28 Healthy People 2010 Focus Areas. A summary of progress for the Healthy People 2010 Leading Health indicators is also presented. NOTE: NO FURTHER DISCOUNT FOR THIS PRODUCT. Significantly reduced price. Overstock List Price"

feminist health care model, health care for transgender individuals, Affordable Care Act (Chapter 12) feminist critique of CDC guidelines on women and drinking (Chapter 13) cyberharassment, gendertrolling, campus sexual assault (Chapter 14) transnational feminism, men and feminism (Chapter 15) *Women's Lives* stands apart from other texts on the psychology of women because it embeds within each topical chapter a lifespan approach and robust coverage of the impact of social, cultural, and economic factors in shaping women's lives around the world. It provides extensive information on women with disabilities, middle-aged and older women, and women in transnational contexts. Its up-to-date coverage reflects current scientific and social developments, including over 2,200 new references. This edition also adds several new boxed features for student engagement. In The News boxes present current, often controversial, news items to get students thinking critically about real-life applications of course topics. Get Involved boxes encourage students to actively participate in the research process. What You Can Do boxes give students applied activities to promote a more egalitarian society. Learn About the Research boxes expose students to a variety of research methods and highlight the importance of diversity in research samples by including studies of underrepresented groups.
