The image of modern corporations has been shaped by a profits over people approach, but we are at a point where business must take the lead in healing the crises of our time. The Healing Organization shows how corporations can become healing forces. Conscious Capitalism pioneer Raj Sisodia and organizational innovation expert Michael J. Gelb were inspired to write this book because of the epidemic of unnecessary suffering connected with business, including the destruction of the environment; increasing numbers living paycheck-to-paycheck and barely surviving; and rising rates of depression and stress leading to chronic health problems. Based on extensive in-depth interviews and inspiring case studies, Sisodia and

They represent a diverse sampling of industries and geographies, but they all have significant elements in common, besides being profitable enterprises: Their employees love coming to work. They have passionately loyal customers. They make a significant positive difference to the communities they serve. They preserve and restore the ecosystems in which they operate. The enmity and dividedness between those who champion unfettered capitalism and those who advocate socialism is exacerbating rather than solving our problems. In a world that urgently

life, art, and mind of the first true Renaissance Man, Leonardo da Vinci. His innovations as an artist, scientist, and inventor are recast through a modern lens, with Shlain applying contemporary neuroscience to illuminate da Vinci ' s creative process. No other person in human history has excelled in so many areas of innovation: Shlain reveals the how and the why. Shlain theorizes that Leonardo ' s extraordinary mind came from a uniquely developed and integrated right and left brain, which offers a model for how we too can evolve. Using past and current research, Leonardo ' s Brain presents da Vinci as the focal point for a fresh exploration of human creativity.
