Un dee-jay di Radio Monte Carlo riceve, durante la sua trasmissione notturna, una telefonata delirante. Uno sconosciuto, dalla voce artefatta, rivela di essere un assassino. Il fatto viene archiviato come uno scherzo di pessimo gusto. Il giorno dopo un pilota di Formula Uno e la sua compagna vengono trovati morti e orrendamente mutilati sulla loro barca. Inizia così una serie di delitti, preceduti ogni volta da una telefonata a Radio Monte Carlo con un indizio musicale sulla prossima vittima, e ogni volta sottolineati da una scritta tracciata col sangue, che è nello stesso tempo una firma e una provocazione: Io uccido... Per Frank Ottobre, agente dell'FBI in congedo temporaneo, e Nicolas Hulot, commissario della Sûreté Publique, inizia la caccia a un fantasma inafferrabile. Alle loro spalle una serie di rivelazioni che portano poco per volta a sospettare che, di tutti, il meno colpevole sia forse proprio lui, l'assassino. Di fronte a loro un agghiacciante dato statistico. Non c'è mai stato un serial killer nel Principato di Monaco. Adesso c'è.

IRDA EDIZIONI Anno 2010, l'estate rovente e assassina in Versilia. Letizia, ragazza bellissima e suadente, s'innamora di un uomo maturo: una settimana di sesso sfrenato e all'improvviso l'abbandono di lui che le gela la mente. Elsa, bella e inquieta, dotata di straordinaria intelligenza, amica di Letizia, cade nel giro del traffico internazionale di droga e prostituzione. Sesso e sentimento. Azioni senza esclusioni di colpi, con un finale da brividi. Un giallo thrilling, sentimentale e drammatico che fa riflettere giovani e meno giovani, e soprattutto la collettività universale. L'infanzia non esiste, si nasce già grandi: e la vita tramandata da generazioni piene di problemi, problemi che appartengono non solo ai ceti medi o poveri, ma anche ai ricchi. Ragazze che non crescono mai, altre che crescono troppo in fretta...

The international bestseller that has sold over 5 million copies worldwide The voice on the radio. The writing, red as blood. I kill ...A detective and an FBI agent embark upon the most harrowing case of their careers as they attempt to track down an enigmatic killer in this relentlessly suspenseful thriller. The killer announces his heinous acts in advance with desperate phone calls and ties his crimes together with songs that point to his victims; he then mutilates them and removes their faces. Set in Monte Carlo and featuring an international cast of intriguing characters, the hunt for the deranged perpetrator remains gripping and unsettling, possibly even more so after the killer's identity is revealed and the detectives must close in on their target before he strikes again.

The Arthurian Archives series of texts and editions in translation, edited by Norris J. Lacy, makes a start on Italian Arthurian material, with a 14c Tristan text.

Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's Italian Literature before 1900 in English Translation, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

Personal pronouns have a special status in languages. As indexical tools they are the means by which languages and persons intimately interface with each other within a particular social structure. Pronouns involve more than mere grammatical functions in live communication acts. They variously signal the gender of speakers as parts of utterances or in their anaphoric roles. They also prominently indicate with a range of degrees the kind of social relationships that hold between speakers from intimacy to indifference, from dominance to submission, and from solidarity to hostility. Languages greatly vary in the number of pronouns and other address terms they offer to their users with a distinct range of social values. Children learn their relative position in their family and in their society through the "correct" use of pronouns. When languages come into contact because of population migrations or through the process of translation, pronouns are the most sensitive zone of tension both psychologically and politically. This volume endeavours to probe the comparative pragmatics of pronominal systems as social processes in a representative set from different language families and cultural areas.
