"Iron John" (AKA "Iron Hans" or "Der Eisenhans") is a German fairy tale found in the collections of the Brothers Grimm, tale number 136, about a wild iron-skinned man and a prince. The original German title is Eisenhans, a compound of Eisen "iron" and Hans (like English John, a common short form of the personal name Johannes).

Iron John is a book that I recommend as a counselor for both men, and woman read. It is a wonderfully written, and very poignant tome about the critical journey that all men must become aware of if they are to be successful in their world. I think the most vital part of the book is the "Iron John story" that is in the BACK of the book.

An old man is dying. When the old man is dead they will come for him. And they will come for her, to make him hurt. John Hart has written three New York Times bestsellers and won an unprecedented two back-to-back Edgar Awards. His books have been called "masterful" (Jeffery Deaver) and "gripping" (People) with "Grisham-style intrigue and Turow-style brooding" (The New York Times). Now he delivers his fourth novel—a gut-wrenching, heart-stopping thriller no reader will soon forget. HE WOULD GO TO HELL At the Iron Mountain Home for Boys, there was nothing but time. Time to burn and time to kill, time for two young orphans to learn that life isn't won without a fight. Julian survives only because his older brother, Michael, is fearless and fiercely protective. When tensions boil over and a boy is brutally killed, there is only one sacrifice left for Michael to make: He flees the orphanage and takes the blame with him. TO KEEP HER SAFE For two decades, Michael has been an enforcer in New York's world of organized crime, a prince of the streets so widely feared he rarely has to kill anymore. But the life he's fought to build unravels when he meets Elena, a beautiful innocent who teaches him the meaning and power of love. He wants a fresh start with her, the chance to start a family like the one he and Julian never had. But someone else is holding the strings. And escape is not that easy. . . . GO TO HELL, AND COME BACK BURNING The mob

boss who gave Michael his blessing to begin anew is dying, and his son is intent on making Michael pay for his betrayal. Determined to protect the ones he loves, Michael spirits Elena—who knows nothing of his past crimes, or the peril he's laid at her door—back to North Carolina, to the place he was born and the brother he lost so long ago. There, he will encounter a whole new level of danger, a thicket of deceit and violence that leads inexorably to the one place he's been running from his whole life: Iron House. Now with an excerpt of John Hart's next book *The Hush*, available in February 2018.

Robert Bly writes that it is clear to men that the images of adult manhood given by popular culture are worn out, that a man can no longer depend on them. *Iron John* searches for a new vision of what a man is or could be, drawing on psychology, anthropology, mythology, folklore and legend. Robert Bly looks at the importance of the Wild Man (reminiscent of the Wild Woman in *Women Who Run With the Wolves*), who he compares to a Zen priest, a shaman or a woodman. 'This book needs to be read, I believe, not as a dry work of scholarship to be judged coolly by the mind, but as the work of a poet struggling to convey an emotional experience and lead us to what he has found within himself' *Guardian* 'Eclectic and unclassifiable. *Iron John* is a work whose mentors are the prophetic poets and crazies, William Blake and Walt Whitman' *Sydney Morning Herald* 'Important, timely, and powerful' *New York Times*

This ambitious study documents the underlying features which link the civilizations of the Mediterranean - Phoenician, Greek, Etruscan and Roman - and the Iron Age cultures of central Europe, traditionally associated with the Celts. It deals with the social, economic and cultural interaction in the first millennium BC which culminated in the Roman Empire. The book has three principle themes: the spread of iron-working from its origins in Anatolia to its adoption over most of Europe; the development of a trading system throughout the Meditterrean world after the collapse of Mycenaean Greece and its spread into temperate Europe; and the rise of ever more complex societies, including states and cities, and eventually empires. Dr Collis takes a new look at such key concepts as population movement, diffusion, trade, social structure and spatial organization, with some challenging new views on the Celts in particular.

Hammering Hot Iron is a rare work that raises important questions, draws vital distinctions, and elevates discourse within the spiritual community on the Men's Movement, Jungian psychology, archetypal and mythological studies, and polytheistic religions. Drawing on the perennial philosophy, the universal expression of absolute truth, Upton offers a metaphysical and cultural critique of Robert Bly's *Iron John*. Upton adopts Bly's shadow in the Jungian sense. His intellectual argument is masterfully intertwined with his own personal and spiritual journey, often expressed through original poetry. "The book is excellent. Upton's insights have exposed the shallow philosophical thinking associated with the Men's Movement, the inadequacy of polytheism as a religious faith, and the bias against Christianity. *Hammering Hot Iron* does a splended job of critiquing Jungian writers and in showing there is more to God than the archetype of God in the psyche. Thank you for your excellent work in setting the record straight " -- John A. Sanford, Jungian analyst "Charles Upton provides a long-overdue masterful critique of the Men's Movement, its popularizing heroes, and the archetypal psychology on which it is based. In this marvelously iconoclastic book, Upton articulates the feelings and thoughts of those who have left the movement or are wondering why they are still part of it. He does so with eloquence, wit, and not least, wisdom. --Georg Feuerstein, Ph.D., author of *Voices on the Threshold of Tomorrow* and *Structures of Consciousness* Charles
