Genuine Original Equipment Manufacturer (OEM) parts! This run capacitor (part number 4318099) is for central air conditioners. Run capacitor 4318099 helps keep the motor running. Shut off the circuit breaker to the air conditioner before installing this part. Wear work gloves to protect your hands. For Kenmore & Icp.

Kenmore 4318099 Heat Pump Run Capacitor Genuine Original ...

This Kenmore 2 tons heat pump ch5024qk82, sold by Sears, was installed in November 1992, manufactured in August 1991 by icp (Inter-City Products at that time). I have purchased the house in 2011, including this heat pump. According to files of the former owner, only the exterior fan has been changed around 2005.

Kenmore | Heat Pump Reviews | FurnaceCompare®

Kenmore heat pumps from Elite series are known as Sears hybrid water heaters and are designed to heat potable water by utilizing technologies of electric heaters and heat pumps. The heat pump technology uses the surrounding warm air for water heating while reducing the use of heating elements, and therefore making the system very efficient.

In the example shown below, it was marked at the bottom of the data plate that the unit (a package heat pump) was manufactured by Goodman, and they go by the first two numbers/so it is 1998. When the data plate references the actual manufacturer you can assume that the serial number complies with their system.

How can I tell the age of a Sears Kenmore heat pump or air ...

ICP became a wholly owned subsidiary of United Technologies Corporation in 1999. Before this event happened, ICP was known as Inter-City Products. In October 2002, ICP became the exclusive original equipment manufacturer (OEM) of Kenmore brand residential central heating and cooling equipment for Sears, Roebuck and Company .
