Personal finances are part of life and need to be properly understood and controlled. People's personal finances are in disarray because they were never taught a better way. Many people find themselves struggling financially even though they have been working their entire lives. They live paycheck to paycheck and feel abandoned by the greater financial system. The Little Red Book of Financial Happiness is based on a class that the author has taught for more than a decade. It provides a simple way of looking at personal finances. Everything we need or want is measured in terms of money. Money and material life in general place many pressures on all members of society. Why? We tend to measure everything, even our sense of happiness, in dollars. The ability to understand and manage a personal budget gives one a fighting chance at obtaining financial happiness. This book will guide the readers on their road to a better life by learning how to control their money and not allowing money to control them. This book offers readers a step-by-step process. Forms and exercises allow readers to fine-tune their budgets. A checklist guides your steps along this journey. A progress tracker records your improvements. The Little Red Book of Financial Happiness will simply change the way you see your money.

"The Physicians of Myddfai" ("Meddygon Myddvai" in Welsh), or "The medical practice of the celebrated Rhiwallon and his sons, of Myddfai, in Carmarthenshire, physicians to Rhys Gryg, lord of Dynevor and Ystrad Towy," was written about the middle of the 13th century. The collection of herbal remedies are associated with Rhiwallon Feddyg (eldest son of the Lady of the Lake), founder of a medical dynasty that lasted over 500 years and comes from the manuscript called the "Red Book of Hergest," a large vellum manuscript written in Welsh shortly after 1382. The manuscript derives its name from the colour of its leather binding and from its association with Hergest Court between the late 15th and early 17th century. The Physicians of Myddfai practised in the village of Myddfai near the market town of Llandovery in Wales, healing subjects with their herb lore and potions as well as their mystical powers and insight into the human condition.
