The Aubin Academy Master Series Revit 2011 focuses on the rationale and practicality of the Revit Architecture process allowing readers to learn faster and get a clear sense of the software and an understanding of each tool's potential.

Provides exercises and tutorials to teach new users the features and functions of Autodesk Revit, covering such topics as configuring templates and standards, analyzing designs for sustainability, utilizing advanced modeling for design, and using Revit in the cloud.

Architectural Commercial Design Using Revit 2014 is designed for the architectural student using Revit 2014. The intent is to provide the student

Read Free Revit Architecture 2014 Users

with a well-rounded knowledge of tools and techniques for use in both school and industry. This text takes a project based approach to learning Revit's Architectural tools in which the student develops a three story office building. Each book comes with a CD containing numerous video presentations of the written material. General building codes and industry standard conventions are covered in a way that is applicable to the current exercise. The first two chapters are intended to get the reader familiar with the user interface and many of the common menus and tools of Revit 2014. A small office is created in chapter two to show just how easy it is to get started using Revit. By the end of chapter two the student will be excited and prepared to take on a much larger project. Throughout the

Read Free Revit Architecture 2014 Users

rest of the book the student develops a three story office building. The drawings start with the floor plans and develop all the way to photo-realistic renderings like the one on the cover of this book. In these chapters many of the architectural tools and features of Revit 2014 are covered in greater detail.

This is the first of a two-volume set (CCIS 434 and CCIS 435) that constitutes the extended abstracts of the posters presented during the 16th International Conference on Human-Computer Interaction, HCII 2014, held in Heraklion, Crete, Greece in June 2014, and consisting of 14 thematic conferences. The total of 1476 papers and 220 posters presented at the HCII 2014 conferences were carefully reviewed and selected from 4766
