Welcome to the Science Spot, your source for FREE lessons, activities, and resources for middle school science teachers! Science of Spin (PPT) - This lesson was developed for use during our Nature of Science unit, but could be used as a fun day activity before winter vacation. The activity challenges students to make observations of a spinning "tube" or "redneck fidget spinner" (as I call them), which are pieces of PVC pipe (1/2" diameter, 2.5' long).
