Michael Grant's Messenger of Fear is a haunting narrative that examines the nature of good and evil in every human. Fans of Michelle Hodkin's Mara Dyer trilogy and Stephen King will love this satisfyingly twisted series. Mara Todd wakes in a field of dead grass, a heavy mist pressing down on her. She is terrified, afraid that she is dead. She can't remember who she is or anything about her past. Is it because of the boy who appears? He calls himself the Messenger of Fear. If the world does not bring justice to those who do evil, the Messenger will. He offers the wicked a game. If they win, they go free. If they lose, they will live their greatest fear. Either way, their sanity will be challenged. It is a world of fair but harsh justice. Of retribution and redemption. And mystery. Why was Mara chosen to be the Messenger's apprentice? What has she done to deserve this terrible fate? She won't find out until three of the wicked

receive justice. And when she does, she will be shattered.

PHP and MySQL are quickly becoming the de facto standard for rapid development of dynamic, database-driven web sites. This book is perfect for newcomers to programming as well as hobbyists who are intimidated by harder-to-follow books. With concepts explained in plain English, the new edition starts with the basics of the PHP language, and explains how to work with MySQL, the popular open source database. You then learn how to put the two together to generate dynamic content. If you come from a web design or graphics design background and know your way around HTML, *Learning PHP & MySQL* is the book you've been looking for. The content includes: PHP basics such as strings and arrays, and pattern matching A detailed discussion of the variances in different PHP versions MySQL data fundamentals like tables and statements Information on SQL data access for language A new chapter on XHTML Error handling, security, HTTP authentication, and more *Learning PHP & MySQL* explains everything from fundamental concepts to the nuts and bolts of performing specific tasks. As part of O'Reilly's bestselling Learning series, the book is an easy-to-use resource designed specifically for beginners. It's a launching pad for future learning, providing you with a solid foundation for more advanced development.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Hot and Smoky Shrimp Tacos, Roasted Wild Mushroom Tacos with Queso Fresco, Fire-Roasted Corn and Poblano Chile Tacos-these are a few of the most taste-tempting tacos you'll ever put in your mouth. And what to top them with-of course, it must be the perfect salsa!

After the incredible success of *Animal*, K'wan is back with the second, bloody installment in the new *Animal* saga. Secrets are revealed, sides are chosen and bodies are dropped...it's on! The man ordered to take *Animal* from the world turns out to be the man who brought him into it. *Animal* finds himself torn between his hatred for the father who had abandoned him and the man who had taken everything from him. An uneasy truce is formed between father and son to take down a common enemy and finally grant *Animal* his freedom from the blood debt he's carried for so many years. But when the ghosts of *Animal*'s past catch up with him he learns that nothing is what it seems, and everything is subject to corruption, even his love for Gucci.

Walt Disney was fond of saying, "I only hope that we never lose sight of one thing: that it was all started by a mouse." And so it is only appropriate that the mouse is incorporated into nearly every aspect of the Disney parks and resorts. In some cases, Mickey's presence is obvious—as in the Partners statue that stands in the center of the hub at the end of Main Street, U.S.A. But in other cases, Mickey's influence is a bit more hidden. . . . So what exactly is a Hidden Mickey? Quite simply, it's an artistic representation of Mickey that was intentionally placed amid the architecture and design of the parks and resorts. Oftentimes it's the familiar three-circle shape of his ears and head. Other times it might be a profile of his face or a full-body silhouette. Disneyland Guests with keen eyes can tell you that Mickey pops up all over the resort, often in the most unexpected places. With this resort wide scavenger hunt, you'll be guided toward each Hidden Mickey, first with a general hint—if you're up for a challenge—and then with a very specific clue. It's so much search-and-find fun, you might forget about your FastPass reservation for Big Thunder Mountain Railroad!

Tells the stories of a young man who visits his dying mother in a mental institution, an unemployed worker, youngsters who are unable to break their family ties, and a thief who dreads his homelessness

Your Guide to the 10 Best of Everything in Seoul Discover the best of everything South Korea's capital

city has to offer with the essential DK Eyewitness Top 10 Travel Guide Seoul. Top 10 lists showcase the best places to visit in Seoul, from Dongdaemun market to the grand royal palace of Gyeongbokgung. Seven easy-to-follow itineraries explore the city's most interesting areas - from the arty district of Insadong to Bukhansan National Park - while reviews of the best hotels, shops and restaurants in Seoul will help you plan your perfect trip.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Updated in its 12th edition, *Countries and Concepts* systematically examines politics from around the world and presents eleven accessible and in-depth studies of Britain, France, Germany, Japan, Russia, China, India, Mexico, Brazil, Nigeria, and Iran. This text looks at similarities and differences in five key areas of each country to facilitate comparative analysis, defining important concepts and integrating examples from current events throughout. Highly readable and thought-provoking, *Countries and Concepts* introduces readers to the politics and governments of the world and bolsters their civic education by considering the historical, political, economic, geographical, and moral aspects of democracy.

SUPERANNO A remarkably in-depth work that puts all the necessary tools for starting a clothing line at the reader's fingertips, including information on finding overseas manufacturers, financing, and product distribution, as well as insider information previously not available to the general public.
