Humorous story about a boy's adjustment to new surroundings and kids in a new school. Packed with fascinating facts about spiders, the story is told through journal entries and scenes of events. Contains a spider bibliography.

You don't have to love or even like spiders to love this book. In fact, if you really don't like spiders, you'll have a lot in common with the book's narrator, who despite his/her best intentions, cannot help smooching them! This fresh and very funny non-fiction picture book shares lots of fascinating facts about spiders-like a single spider can eat 50 pounds of bugs in a year!-and in an entirely captivating way. If I'm Trying to Love Spiders doesn't cure your spider phobia, it'll at least make you appreciate how amazing they are...and laugh a lot as you learn about them.

This beloved book by E. B. White, author of *Stuart Little* and *The Trumpet of the Swan*, is a classic of children's literature that is "just about perfect." Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble. Radiant. These are the words in Charlotte's Web, high up in Zuckerman's barn. Charlotte's spiderweb tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's *Stuart Little* and *Laura Ingalls Wilder's Little House* series, among many other books.

This edited volume explores primary sexual characters in a wide variety of animal taxa. It provides an overview of sexual diversity, the selective pressures that have shaped it, and an introduction to the data and theoretical issues in sexual selection that are changing our view of sexual processes.

One of the only books to treat the whole spider, from its behavior and physiology to its neurobiology and reproductive characteristics, *Biology of Spiders* is considered a classic in spider literature. First published in German in 1979, the book is now in its third edition, and has established itself as the supreme authority on these fascinating creatures. Containing five hundred new references, this book incorporates the latest research while dispelling many oft-heard myths and misconceptions that surround spiders. Of special interest are chapters on the structure and function of spider webs and silk, as well as those on spider venom. A new subchapter on tarantulas will appeal especially to tarantula keepers and breeders. The highly accessible text is supplemented by exceptional, high-quality photographs, many of them originals, and detailed diagrams. It will be of interest to arachnologists, entomologists, and zoologists, as well as to academics, students of biology, and the general reader curious about spiders.

Intrigue, Greed and Murder culminate in a dramatic Conclusion to this International Web of Mystery and Deceit Rolf and Sabine Brenner's company and its USA subsidiary are flourishing as the Millennium approaches but their holiday on the Gulf Coast of Florida is marred by a terrible accident. - At the same time an ambitious and ruthless social climber is developing his predatory plans in England in order to acquire wealth and power in a vicious game of removing anything that may stand in his way. A mysterious suspect is being tracked on his way to Miami by a young woman who is already an expert in fighting organised crime but unaware of the danger that she will meet after her arrival in the United States. A highly respected Aristocrat and powerful business investor travels by Concorde to New York in order to protect Brenner Inc. from collapse where he teams up with his celebrated and glamorous lawyer to face the subversive elements at large. A brilliant police graduate with roots in the Bronx mounts a major campaign to identify, hunt down and eliminate the gang that has invaded Manhattan and caused major problems in Chicago. - A Harvard Professor and his family become embroiled in the fall out of intrigue and duplicity until their daughter Fiona decides to fight back and to confront the dark forces involved. The action moves from an idyllic island off the West Coast of Florida to the English countryside until an attack takes place in Switzerland. New York, Miami and Chicago provide the background to an increasing number of sinister incidents until their dramatic conclusion is reached and the different pieces of the puzzle finally fall into place - But is the Spiders Web complete?
