Giorgio Manganelli (1922-1990), one of Italy's most radical and original writers, went further than most in exploring the creative possibilities of hybrid genres and open forms. Ostentation, theatricality, and a love of drapery and verbal excess are defining features of his body of work, which ranges from prose fiction, literary criticism, and drama to travel writing, treatises, commentaries, and imaginary interviews. This study examines the wealth of Manganelli's imagination - his grotesque animals, speaking corpses, and melancholy spectres - and argues that his spectacular eloquence was shaped by an exceptional awareness of literary and

philosophical models. Following Manganelli's lead, the author addresses issues such as the boundaries of meaningful language, the relationship between literary and visual texts, fantasy and realism, and the power of literature to express the apprehensions and intimations of human consciousness.

I can read you like a book: how to spot the messages and emotions people are really sending with their body language.

In the sweltering summer of 1967, Judith Maloney, a young Australian girl working in the south of France, witnesses the aftermath of a brutal crime. Thirty years later, the events of that day are still with Judith as her daughter - unaware of the confidences and betrayals they carry - persuades her to return to France with her. There, the fountain of Vaucluse, site of the world's deepest subterranean well, brings the secrets of that distant summer shimmering back to the surface. With them comes the hidden story of the place itself - of occupation and resistance, and of a betrayal far darker than Judith could have imagined.

Paige Turner has just moved to New York with her family, and she's having some trouble adjusting to the big city. In the pages of her sketchbook, she tries to make sense of her new life, including trying out her secret identity: artist. As she makes friends and starts to explore the city, she slowly brings her secret identity out into the open, a process that is equal parts terrifying and rewarding. Laura Lee Gullledge crafts stories and panels with images that are thought-provoking, funny, and emotionally resonant. Teens struggling to find their place can see themselves in Paige's honest, heartfelt story. Praise for Page by Paige

“Gullledge's b&w illustrations are simple but well-suited to their subject matter; the work as a whole is a good-natured, optimistic portrait of a young woman evolving toward adulthood.” –Publishers Weekly

“A sweet coming-of-age graphic

novel about an artistic introvert. Paige's sketches are soft and expressive, and Gulledge does an admirable job of providing insight into Paige's musings, creating a very intimate ambiance for this well-fleshed-out character. The artist masterfully commands her piece, creating a cohesive and fluid work that cascade smoothly along. Teens are sure to relate to this wallflower who blooms—gloriously.” –Kirkus Reviews “Gulledge has crafted a protagonist who's introspective with a capital I, and she conveys her character's thoughts and emotions in ways that are fresh but never feel forced. That same easy, organic quality is found in the book's design: the story panels and Paige's sketches blend and interact effortlessly. It all makes for a truly fresh coming-of-age—graphic—novel.” –Horn Book “An elegant portrayal of the interactions of Paige's external and

Sean Dillon is back, and the world is at stake. An eminent Iranian scientist has made a startling breakthrough in nuclear weapons research, but he can't stand the thought of his regime owning the bomb. He would run if he could, but if he does, his family dies. He is desperate, and he doesn't know what to do. It is up to Sean Dillon and the Prime Minister's private army to think of a plan. Most particularly, it is up to their newest member, an intelligence captain and Afghan war hero named Sara Gideon, who thinks there just might be a way to pull it off. But plans have a way of going awry. And as the operation races from Paris and Syria to Iran and the Saudi Arabian desert, the only certainty is that blood will be spilled.
