But CS Richardson's *The Emperor of Paris*, which has been longlisted for this year's Giller Prize, was a bit like a cake that fails to rise: flat and disappointing. And forgive me for spinning out the baking analogy even further, but the ingredients in this novel just didn't work – for this reader at least – despite being packed with flavour.

Like his father before him, Octavio runs the Notre-Dame bakery, and knows the secret recipe for the perfect Parisian baguette. But, also like his father, Octavio has never mastered the art of reading and his only knowledge of the world beyond the bakery door comes from his own imagination. Just a few streets away, Isabeau works out of sight in the basement of the Louvre, trying to forget her disfigured beauty by losing herself in the paintings she restores and the stories she reads. The two might never have met, but for a curious chain of coincidences involving a mysterious traveller, an impoverished painter, a jaded bookseller, and a book of fairytales, lost and found . . .

Ambrose Zephyr and his wife Zappora Ashkenazi ("Zipper") have achieved a happy and balanced life together. She is the yin to his yang. He is the only man she has loved without adjustment. The two live contentedly in a narrow London terrace full of books. That contentment is thrown into turmoil on or about Ambrose's fiftieth birthday, when they receive the news that he has contracted a mysterious illness that will most certainly lead to his death within the month. In panicked delirium, from beneath their bed Ambrose withdraws an oxblood suitcase containing the ephemera of his long-suppressed life's ambition: to travel the world in a pilgrimage through the alphabet, from Amsterdam to Zanzibar. Scuttling the responsibilities of their respectably successful careers, the two set off on an urgent voyage through real and imagined geographies of place, of history, of art, and of love. Zipper is continually frustrated by Ambrose's reticence, but loves him beyond all measure. And Ambrose well appreciates his miraculous good

fortune in having Zipper by his side, drawing out the best in him. Zipper does not completely understand Ambrose's compulsion to pursue his childhood dream, but her commitment to him is absolute and so she, too, is compelled to make this journey. In Amsterdam, they revisit past debates on beauty and art. In Berlin, they weigh the burdens of history. In the glow of the Chartres windows, they explore the stations of life. In Deauville, they fondly recall their youthful love. At "E," Ambrose adjusts his long-drafted itinerary, crossing out Elba and replacing it with the Eiffel Tower of Zipper's beloved Paris, the city of their first predestined encounter. While resting in Florence beside the youthfully vital David, they meet a chivalrous old man who shares his insight into enduring romance. It is in Giza that Ambrose begins to falter as he climbs a pyramid, and they miss Haifa thanks to a sandstorm. In Istanbul, they realize that Ambrose can go no further and they must return to their London terrace. But their voyage is not over. The two continue their odyssey, no longer via plane and rail, but now through the power of shared desire and love. The wise words of a hallucinatory camel in Ambrose's fevered dream ring out to them with equanimity: "Why, you ask? There is no why, Master Zephyr. Life goes on. Death goes on. Love goes on. It is all as simple as that." In the tradition of romantic legend and fable, *The End of the Alphabet* is a lovingly rendered, richly nuanced treatise on the nature of true and enduring love. The story of Ambrose and Zappora is a precious gift, one that illuminates a pathway to the return of balance and joy after unthinkable loss.

Sebastian St. Cyr, Viscount Devlin, has spent years unraveling his family's tragic history. But the secrets of his past will come to light in this gripping new historical mystery from the USA Today bestselling author of *What the Devil Knows*. March, 1815. The Bourbon King Louis XVIII has been restored to the throne of France, Napoleon is in exile on the isle of Elba, and Sebastian St. Cyr, Viscount Devlin, and his wife, Hero, have traveled to Paris in hopes of tracing his long-lost mother, Sophie, the errant Countess of Hendon. But his search ends in tragedy when he comes upon the dying Countess in the wasteland at the tip of the île de la Cité. Stabbed—apparently with a stiletto—and thrown from the bastions of the island's ancient stone bridge, Sophie dies without naming her murderer. Sophie had been living in Paris under an assumed name as the mistress of Maréchal Alexandre McClellan, the scion of a noble Scottish Jacobite family that took refuge in France after the Forty-Five Rebellion. Once one of Napoleon's most trusted and successful generals, McClellan has now sworn allegiance to the Bourbons and is serving in the delegation negotiating on behalf of France at the Congress of Vienna. It doesn't take Sebastian long to realize that the French authorities have no interest in involving themselves in the murder of a notorious Englishwoman at such a delicate time. And so, grieving and shattered by his mother's death, Sebastian takes it upon himself to hunt down her killer. But what he learns will not only shock him but could upend a hard-won world peace.
