The I Ching, or Book of Changes, a common source for both Confucianist and Taoist philosophy, is one of the first efforts of the human mind to place itself within the universe. It has exerted a living influence in China for 3,000 years, and interest in it has been rapidly spreading in the West.

First among the ancient classics, the I Ching or Book of Changes is one of the world's most influential books, comparable to the Bible, the Koran, and the Upanishads. The I Ching's purpose is universal: to provide good counsel to its users in making decisions during times of change. Since its origins about 3,000 years ago, it has become a compendium of wisdom used by people of many cultures and eras. This groundbreaking new translation by Dr. Margaret Pearson is based on the text created during the first centuries of the Zhou Dynasty, study of documents showing how it was used in the dynasty, and on current archaeological research findings. Her translation removes centuries of encrusted inaccuracies to better reveal the I Ching's core truths for today's readers. Whether you are interested in trying this millennia-tested method of making wise choices or in understanding the world view of the early Chinese, this edition is essential reading.

This revised and expanded edition of Wu Wei's well-loved version of the I Ching is unparalleled in its clarity, making this the easiest-to-grasp I Ching ever published. The I Ching is a book of answers that miraculously guides us to success in every possible situation. Yet, if we are to rely with absolute certainty on the I Ching for guidance to our most vital questions, we need answers that are clear and straightforward, leaving no room for confusion or misunderstanding. Wu Wei has guided thousands of people in the use of this great book and knows precisely what you need so you can put your trust in its prophetic guidance. Wu Wei's insightful interpretations of the I Ching's sixty-four hexagrams provide perfectly clear, unambiguous direction while remaining completely true to the ancient writings. You will know exactly what action to take to avoid misfortune and achieve success. The I Ching: The Book of Answers contains everything you need to know about the I Ching and how to use it.

A master translator's beautiful and accessible rendering of the seminal Chinese text In a radically new translation and interpretation of the I Ching, David Hinton strips this ancient Chinese masterwork of the usual apparatus and discovers a deeply poetic and philosophical text. Teasing out an elegant vision of the cosmos as ever-changing yet harmonious, Hinton reveals the seed from which Chinese philosophy, poetry, and painting grew. Although it was and is widely used for divination, the I Ching is also a book of poetic philosophy, deeply valued by artists and intellectuals, and Hinton's translation restores it to its original lyrical form. Previous translations have rendered the I Ching as a divination text full of arcane language and extensive commentary. Though informative, these versions rarely hint at the work's philosophical heart, let alone its literary beauty. Here, Hinton translates only the original strata of the text, revealing a fully formed work of literature in its own right. The result is full of wild imagery, fables, aphorisms, and stories. Acclaimed for the eloquence of his many translations of ancient Chinese poetry and philosophy, Hinton has reinvented the I Ching as an exciting contemporary text at once primal and postmodern.

The classic guide to tapping the practical benefits of an age-old book of wisdom--revised to captivate today's spiritual seekers Based on the revered Chinese philosophy with a 5,000-year-old tradition, the I Ching, or Book of Changes, is rich in revelations. An eminent expert on the powers of the subconscious, Dr. Joseph Murphy opens the guiding force of this ancient text to anyone with an appreciation of the possibilities. With the help of three coins--ordinary pennies will do-- readers will learn to apply their intuitive abilities to receive the I Ching's answers. With a practical outlook, this hands-on guide presents simple techniques for enlisting the I Ching's aid in everyday problem-solving and decision-making. Murphy explains the I Ching hexagram system, revealing its roots in human psychology and the principle of constant change. Demystifying obscure terms and symbols, the author leads the way to consulting the I Ching for clarity and guidance in times of confusion and crisis. By combining basic mathematical formulas with spiritual awareness, readers will realize the miracle-working potential of their own mind and connect with the I Ching's truths. As a result, they'll gain vital insights into questions about career, family, romance, financial security, and life goals. And they'll discover the wonder of genuine peace of mind. SECRETS OF THE I CHING, does not claim to predict the future. But it does provide the tools to mark any future with the promise of greater personal and spiritual fulfillment.

From the acclaimed translator of the Tao Te Ching and The Art of War, his award-winning translation of the ancient Chinese oracle and book of wisdom, in a stunning Penguin Classics Deluxe Edition Pose a question, then toss three coins (or cast your yarrow stalks) to access the time-honored wisdom of the I Ching. The I Ching, or Book of Change, has been consulted through the ages, in both China and the West, for answers to fundamental questions about the world and our place in it. The oldest extant book of divination, it dates back three thousand years to ancient shamanistic practices involving the ritual preparation of the shoulder bones of oxen. From this early form of communication with the other world, it has become the Chinese spiritual book par excellence. An influence on such cultural icons as Bob Dylan, John Cage, Merce Cunningham, Philip K. Dick, and Philip Pullman, the I Ching is turned to by millions around the world for insights on spiritual growth, business, medicine, genetics, game theory, strategic thinking, and leadership, and of course for the window it opens on China. This new translation, over a decade in the making, is informed by the latest archaeological discoveries and features a gorgeously rendered codex of divination signs--the I Ching's sixty-four Tarot-like hexagrams. It captures the majesty and mystery of this legendary work and charts an illuminating path to self-knowledge. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The I Ching is an ancient Chinese work of divination that examines the patterns, or hexagrams, traditionally formed by dropping bundles of dried grass stalks. This edition features interpretations of the 64 hexagrams, including the Judgment, written by King Wen in the 12th Century BCE; The Commentary and The Image (both attributed to Confucius); and The Lines, written by King Wen's son, and here enhanced by modern commentary.

The bestselling translation of one of the world's great classics, now in a beautiful new edition For more than a quarter of a century, Brian Browne Walker's translation of I Ching has been not only the bestselling English rendition of the classic Taoist text, but one of the few directly translated from the original text. The result is a modern classic on its own. For

centuries, The I Ching or Book of Changes has been consulted for sage advice at life's turning points. When its wisdom is sought with sincerity and sensitivity, this Chinese oracle will help to promote success and good fortune and to impart balance and perspective to your life. Its everlasting popularity lies in the lessons that it teaches about how to use your positive qualities in order to attain life's greatest rewards-prosperity, understanding, and peace of mind. Brian Browne Walker's highly accessible translation of the I Ching, because it is clear and direct, allows you to make the wisdom of the ancient Chinese sages your own. Brian Browne Walker has studied the Chinese language for twelve years, and has studied and practiced Taoist philosophy with a number of teachers in the United States and abroad. This translation's easy-to-use format and contemporary language has made it one of the standards, delighting new users and long time practitioners as well.

Often referred to as the Eranos edition, this revised and updated translation offers the most substantial advance in I Ching since Richard Wilhelm introduced the oracle to the West in the 1920s. The I Ching is one of the oldest Chinese texts and the world's oldest oracle. Accumulated from over 2,500 years of diviners, sages and shamans and born out of the oral tradition, the I Ching as we know it today is a collection of texts, imagery and advice, philosophy and poetry, divided into 64 chapters. There are 64 hexagrams, created from a collection of six lines, either broken or solid. In order to "read" from the book, you must cast a hexagram. The traditional method required yarrow sticks but nowadays is based on tossing three coins six times. The Original I Ching Oracle or Book of Changes was inspired by Carl Gustav Jung's insights into the psyche and researched for more than 60 years through the Eranos Foundation of Switzerland. It presents the oracular core of the I Ching as a psychological tool: the symbols interact with our minds in the same way dream images do.

A master translator's beautiful and accessible rendering of the seminal Chinese text In a radically new translation and interpretation of the I Ching, David Hinton strips this ancient Chinese masterwork of the usual apparatus and discovers a deeply poetic and philosophical text. Teasing out an elegant vision of the cosmos as ever-changing yet harmonious, Hinton reveals the seed from which Chinese philosophy, poetry, and painting grew. Although it was and is widely used for divination, the I Ching is also a book of poetic philosophy, deeply valued by artists and intellectuals, and Hinton's translation restores it to its original lyrical form.
