Over much of the past century, the law governing third-party importation of non-counterfeit, genuine goods has been obscured by conceptual uncertainty. In recent years, the debate over the gray market has centered on the fundamental reasons for trademark protection, and has raised the possibility of conflict between the two traditionally recognized purposes of trademark law--protecting consumers from deception and protecting trademark owners from lost sales. Hiebert discusses the evolution of the universality and territoriality principles of trademark law, and develops a new understanding of the role of goodwill in resolving trademark infringement issues. Beginning with a review of the earliest days of trademark law, Hiebert traces the development of the twofold purpose and territoriality doctrines in the United States, and examines in detail the cases, statutes, and regulations governing parallel imports. Unlike other recent treatments of the subject, this work benefits from the availability of important archival materials, and devotes considerable attention to the nineteenth-century antecedents of modern parallel importation doctrine, and to the evolution of trademark doctrine within the broader context of American legal realism.

An illustrated guide to some of the most classic cocktails.

This book consists largely of previously untranslated work. Kuzmin was a master of many genres: poet, dramatist, writer of narrative prose, and influential literary manifestos. All these facets of Kuzmin's creativity are represented in this volume, which traces his development from a decadent to a key figure of Russia's artistic underground during the repression of the Soviet period. A cycle of poems, Thrall (1919), published here for the first time in English, provides the book with its dominant theme. Thrall is a leitmotif of Kuzmin's early love poetry, where it signifies a lover's impassioned submission. Kuzmin the playwright is represented here by his only full-length drama, The Death of Nero (1929); Kuzmin the prose writer by two short stories that exemplify contrasting periods of his evolution. The collection also contains two literary manifestos that played pivotal roles in the development of Russian letters. -- Bucknell University Press.

A New York Times Best Seller!The world of Minecraft comes to life in this thrilling adventure for boys and girls! Gameknight999 loved Minecraft, but above all else, he loved to grief—to intentionally ruin the gaming experience for other users. When one of his father ' s inventions teleports him into the game, Gameknight is forced to live out a real-life adventure inside a digital world. What will happen if he ' s killed? Will he respawn? Die in real life? Stuck in the game, Gameknight discovers Minecraft ' s best-kept secret, something not even the game ' s programmers realize: the creatures within the game are alive! He will have to stay one step ahead of the sharp claws of zombies and pointed fangs of spiders, but he ' ll also have to learn to make friends and work as a team if he has any chance of surviving the Minecraft war his arrival has started. This action-packed tribute to the worldwide computer game phenomenon is a runaway publishing smash and the perfect companion for Minecraft fans of all ages.

This popular text gives students a comprehensive and readable introduction to contemporary issues in learning and behaviour, while providing balanced coverage of classical and instrumental conditioning.
