This edition covers iMovie 10.0 for Mac and iMovie 2.0 for iOS. iMovie's sophisticated tools make it easier than ever to turn raw footage into sleek, entertaining movies—once you understand how to harness its features. Experts David Pogue and Aaron Miller give you hands-on advice and step-by-step instructions for creating polished movies on your Mac, iPhone, or iPad. Dive in and discover why this is the top-selling iMovie book. The important stuff you need to know Get started. Import footage, review clips, and create movies, using iMovie's new, streamlined layout. Include stunning effects. Introduce instant replays, freeze frames, fast-forward or slo-mo clips, and fade-outs. Add pro touches. Create cutaways, picture-in-picture boxes, side-by-side shots, and green-screen effects. Make movies on iOS devices. Tackle projects on your iPhone, iPad, or iPod Touch with our book-within-a-book. Produce stunning trailers. Craft your own Hollywood-style "Coming Attractions!" previews. Share your masterpiece. Quickly post movies to YouTube, Facebook, Vimeo, CNN iReport, and iTunes. Watch iMovie Theater. Play your movies on any Apple gadget in iMovie's new full-screen cinema.

Adobe Photoshop Lightroom Classic CC is one of the most powerful tools a digital photographer has in their toolset, offering powerful editing features in streamlined interface that lets photographers import, sort, and organize images. In this completely updated bestseller, author Martin Evening describes Lightroom Classic CC features in detail, covering library organization, develop image processing, output modules, and an introduction to the features in the new Adobe Photoshop Lightroom CC across desktop, web, and mobile. As an established commercial and landscape photographer, Martin knows first-hand what photographers need for an efficient work flow. He has been working with Lightroom from the beginning, and as a result, knows the software inside and out. In this book, he'll teach you how to: Work efficiently with images shot in raw or non-raw formats Import photographs with ease and sort them according to your workflow Create and manage a personal image and video library Integrate Lightroom with Adobe Photoshop Prepare images for print, slideshows, or to create a book Make the most of new features, such as the ability to migrate and sync photos via the cloud Photographers will find Lightroom Classic CC—and The Adobe Photoshop Lightroom Classic CC Book—indispensable tools in their digital darkrooms.

This thorough, concise, and easy-to-use guide to capturing digital photographs provides an entire step-by-step course for budding digital photographers. All concepts are fully illustrated with sample work by internationally renowned professionals, representing editorial work, photojournalism, and everything in between. Topics covered include essential information for both film and digital photography, such as exposure controls and shutter speed, as well as digital-specific information on image editing, printing methods, and even file storage. The first digital textbook by legendary photography teacher Henry Horenstein, *Digital Photography* is the best guide yet for aspiring digital photographers, essential both for photographers transitioning from film to digital and those learning the art of photography for the first time.

This manual presents a comprehensive and state of the-art approach to the diverse applications of surgical techniques and procedures through the endoscopic platform. Sections address preliminary issues faced by surgeons and physicians who may be initially undertaking these new techniques. These areas include training and credentialing, as well as tools and platforms commonly used for these procedures. Subsequent chapters focus on specific disease processes and the endoscopic applications for those procedures. Each section addresses patient selection, pre-operative considerations, technical conduct of the most common operations, and avoiding complications. A brief review of the existing literature addressing the particular topic follows in each section. The text concludes with chapters on future directions and device development. Written by experts in the field, *The SAGES Manual Operating Through the Endoscope* is a valuable resource to experienced advanced endoscopists looking to expand the types of procedures that they currently perform, as well as trainees, including residents, fellows and medical students.

This resource explains the tradition of 470 years of doll-making in Germany. Workshops and factories relating to dolls of yesteryear are detailed, and there is emphasis on dolls made by companies such as Kammer and Reinhardt, Simon and Halbig, Cuno and Otto Dressel and many others.

The provocative rants of world-famous radio luminary Chris Kodiak are changing America's political climate. But San Francisco is immune—at least that's what long-time City By the Bay resident and die-hard hippy Benny Taylor thinks. Then his former lover—a prominent feminist—is attacked; the first in a

series of assaults leveled (according to notes left pinned to the victim's clothing) against all "deviants." In San Francisco, that doesn't leave many people out. Benny's fury to discover who is behind the attacks pulls him into a world where fury is the stock-in-trade for announcers and listeners alike; a world dominated by Chris Kodiak. Radio Rage is a gripping, funny and often surreal journey into the superheated precincts of talk radio. From the elegant recording studios of the Excellence in Broadcasting Network in Manhattan, where Kodiak delivers his daily harangues, to the back alleys and strip clubs of San Francisco's Tenderloin District, where Kodiak's most devoted follower hunts for his latest "deviant," Radio Rage is a rare thriller that stands up for non-conformists and rejects the wisdom of media "experts," whose egos vastly exceed their intellects.

Home from Iraq, a lieutenant kills his commanding officer—was it self-defense or premeditated murder? An enthralling novel of suspense about the high cost of war and secrets The McCarrans and the Gallaghers, two military families, have been close for decades, ever since Anthony McCarran—now one of the army's most distinguished generals—became best friends with Jack Gallagher, a fellow West Pointer who was later killed in Vietnam. Now a new generation of soldiers faces combat, and Lt. Brian McCarran, the general's son, has returned from a harrowing tour in Iraq. Traumatized by wartime experiences he will not reveal, Brian depends on his lifelong friendship with Kate Gallagher, Jack's daughter, who is married to Brian's commanding officer in Iraq, Capt. Joe D'Abruzzo. But since coming home, D'Abruzzo also seems changed by the experiences he and Brian shared—he's become secretive and remote. Tragedy strikes when Brian shoots and kills D'Abruzzo on their army post in Virginia. Brian pleads self-defense, claiming that D'Abruzzo, a black-belt martial artist, came to his quarters, accused him of interfering with his marriage, and attacked him. Kate supports Brian and says that her husband had become violent and abusive. But Brian and Kate have secrets of their own, and now Capt. Paul Terry, one of the army's most accomplished young lawyers, will defend Brian in a high-profile court-martial. Terry's co-counsel is Meg McCarran, Brian's sister, a brilliant and beautiful attorney who insists on leaving her practice in San Francisco to help save her brother. Before the case is over, Terry will become deeply entwined with Meg and the McCarrans—and learn that families, like war, can break the sturdiest of souls.
